GLOSSARY

BENEFICIARY - The person or entity entitled to receive the claim amount and other benefits upon the death of the benefactor (person covered under the policy) or on the maturity of the policy.

CLAIM - A request for a benefit (including reimbursement of a health care expense) made by you or your health care provider to your health insurer or plan for items or services you think are covered.

COINSURANCE - The percentage of costs of a covered health care service insurance pays after you've paid your deductible.

COPAYMENT (COPAY) - A fixed dollar amount you pay for a covered health care service.

DEDUCTIBLE - An amount you could owe during a coverage period for covered health care services before your plan begins to pay. An overall deductible applied to all or almost all covered items and services. Copayments do not count towards the deductible.

DEPENDENT - A child or other individual (under the age of 26) for whom a parent, relative, or other person may claim a personal exemption tax deduction.

DISABILITY RESOURCE SERVICES - Provides convenient resources to help address emotional, legal, and financial issues.

ELECTIVE DEFERRAL - A percentage of an employee's salary that's withheld and transferred into a 401(k). Elective-deferrals can be made on a pre-tax or after-tax (Roth) basis.

EVIDENCE OF INSURABILITY (EOI) - An application process through which you provide information on the condition of your health or your dependent's health in order to be considered for certain types of insurance coverage.

FLEXIBLE SPENDING ACCOUNT (FSA) - A pre-tax benefit account used to pay for eligible medical, dental, and vision care expenses that aren't covered by your insurance plan.

GUARANTEE ISSUE - A requirement that health plans must permit you to enroll regardless of health status, age, gender, or other factors that might predict the use of health services. Except in some states, guarantee issue doesn't limit how much you can be charged if you enroll.

HEALTH SAVINGS ACCOUNT (HSA) - A tax-free financial account where you gain interest and save money while spending on qualified health expenses. Funds in you account roll over from year to year.

HEALTH MAINTENANCE ORGANIZATION (HMO) - A type of health insurance plan that usually limits coverage to care from doctors who work for or contract with the HMO. It generally won't cover out-of-network care except in an emergency.

IN-NETWORK - Refers to a health care provider that has a contract with your insurance plan to provide health care services to its plan members at a pre-negotiated rate. Because of this relationship, you pay a lower cost-sharing when you receive services from an in-network doctor.

OPEN ENROLLMENT - The annual period before a new plan year commences that eligible individuals may enroll in or change coverage elections in a job-based insurance plan.

OUT-OF-NETWORK - Refers to a health care provider who does not have a contract with your insurance plan. If you use an out-of-network provider, health care services could cost more since the provider doesn't have a pre-negotiated rate with your health plan. Or, depending on your health plan, the health care services may not be covered at all.

OUT OF POCKET MAXIMUM/LIMIT - The most you must pay for covered services in a plan year. After you spend this amount on deductibles, copayments, and coinsurance, your health plan pays 100% of the costs of covered benefits.

PREFERRED PROVIDER ORGANIZATION (PPO) - A type of health plan that contracts with medical providers, such as hospitals and doctors, to create a network of participating providers. You pay less if you use providers that belong to the plan's network. You can use doctors, hospitals, and providers outside of the network for an additional cost.

PREMIUM - The amount you pay for your health insurance every month. In addition to your premium, you usually have to pay other costs for your health care, including a deductible, copayments, and coinsurance.

QUALIFYING EVENT - A change in your situation — like getting married, having a baby, or losing health coverage — that can make you eligible for a Special Enrollment period, allowing you to enroll in health insurance outside of the yearly Open Enrollment period.

WAITING PERIOD - The time that must pass before coverage can become effective for an employee or dependent who is otherwise eligible for coverage under a job-based health plan.

ELIGIBILITY

If you are a full-time Meneses Law employee working a minimum of 30 hours a week, benefits are available starting on the 1st of the month following 60 days of employment. Seasonal or temporary employees aren't eligible.

HOW TO ENROLL

Are you ready to enroll? The first step is to review your current benefits. Did you move recently or get married? Verify all of your personal information and make any necessary changes.

Once all of your information is up to date, it's time to make your benefit elections. The decisions you make when enrolling for benefits can have a significant impact on your life and finances, so it is important to weigh your options carefully.

WHEN TO ENROLL

Open enrollment begins on November 26, 2024 and runs through December 13, 2024. The benefits you choose during open enrollment will become effective on January 1, 2025. For the initial enrollment you will use your new benefits admin system, ADP, to make benefit elections.

ENROLLMENT CHANGES

Unless you experience a life-changing qualifying event, you cannot make changes to your benefits until the next Open Enrollment period.

Qualifying events include things like:

- Marriage, divorce or legal separation
- Birth or adoption of a child
- Change in child's dependent status
- Death of a spouse, child or other qualified dependent
- Change in residence
- Change in employment status or coverage under another employer sponsored plan
- Loss of coverage on yourself or dependents during the year

Request for qualifying events must be submitted to the carrier within 30 days of the event.

Employee Self Service is split up into three sections: Action Required, Selected Plans and Eligible Benefits.

- **Action Required** –*These are items that need to be reviewed to move forward. These plans could require a beneficiary to be designated or a waive reason to be provided.*

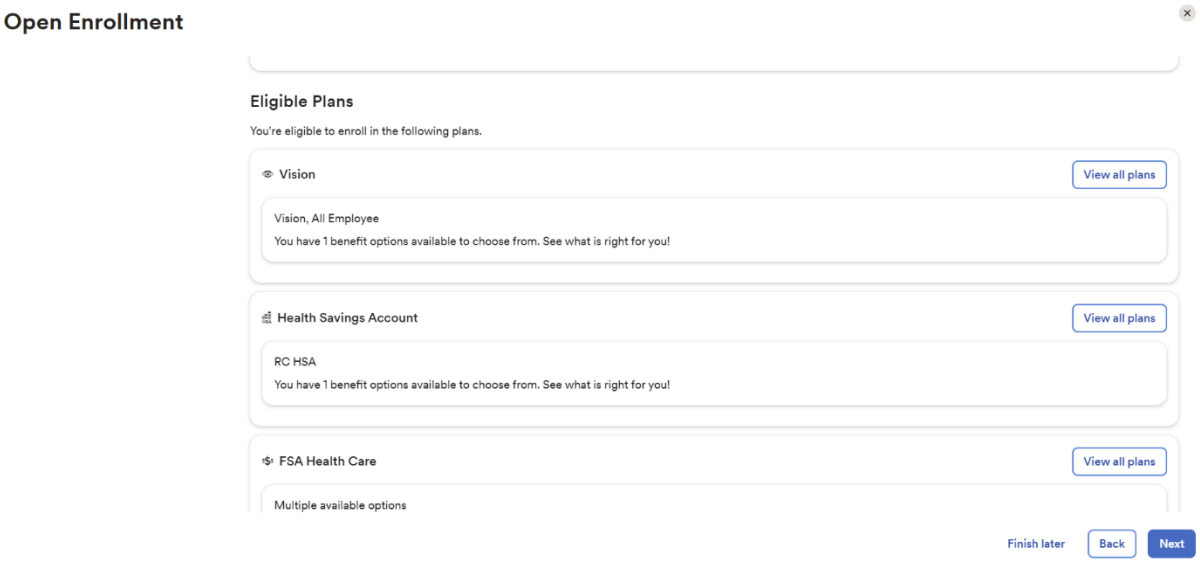

- **Selected Plans** –*These are benefit plans that you are already enrolled in and can make changes to. This section also displays any enrollments that are pending additional approval.*

- **Eligible Benefits** –*These are other benefit plans that are available for you to enroll in. If you select a benefit plan in the eligible benefits section, the enrollment will be moved to the Enrolled Benefits section.*

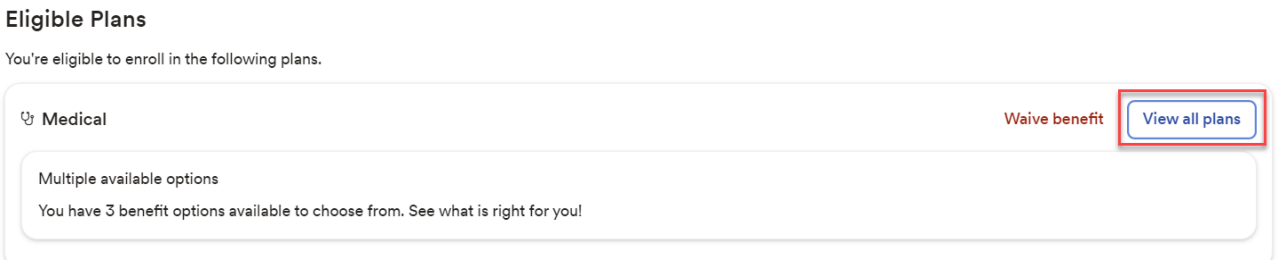

Waive benefit should only display for benefit plan types that require a waive reason. Employees should only select **Waive benefit** if you do not want to continue enrollment in a benefit or are not enrolled currently and a waive reason is required.

If you chose to ***waive*** a benefit, you will be required to select a **Waive Reason**.

Simple ways to help you save

Here are a few good-to-know things you can do to help get more out of your health plan.

Stay in the network

The doctors and facilities in the network may have agreed to provide services at a discount—so visiting an out-of-network provider could end up costing you more for care or may not be covered at all.

Sign in to **myuhc.com > Find Care & Costs** to locate:

- Labs
- Hospitals
- Mental health professionals
- Network providers

Shop around

With such a wide variety of services, from minor procedures to major surgeries, it's a good idea to check approximate pricing first. Visit **myuhc.com > Find Care & Costs** to estimate your costs.

With a PCP, there's a doctor in your corner

A PCP is a primary care provider, sometimes called a primary care physician. They are the doctor who can help connect you to the care you need—and help you avoid cost surprises. A PCP can be a family practitioner, internist, pediatrician or general medicine physician.* Although your plan may not require you and each covered family member to select a network PCP,** it can be a good idea to have one.

Your PCP:

Generally knows your health history and health goals

Provides routine care, which may help identify potential health issues earlier

Advises you when to see a specialist and provides electronic referrals

*Laws in some states allow you to choose a specialist, like an OB/GYN, as your PCP.
**Depending on your health plan, selection of a PCP may be required.

Find a network provider

Sign in to **myuhc.com** > **Find Care & Costs** to find a network PCP, clinic, hospital or lab based on location, specialty, availability, hours of operation and more. You can even see patient ratings and estimate the cost of care before you choose a provider. If you would like more information about a provider's qualifications, call the member phone number on your ID card.

Keep up on preventive care

Preventive care—such as routine wellness exams and certain recommended screenings and immunizations—is covered by most of our plans at no additional cost when you see network providers. A preventive care visit may be a good time to help establish your relationship and create a connection for future medical services. Learn more at **uhc.com/health-and-wellness/preventive-care.**

Care that's centered on you

Here's an example of how a typical health plan works

Let's take a look at an example of how a typical plan works when you receive care from a network provider. Your plan may be different than this example, so to find your specific details go to **myuhc.com > Coverage & Benefits.**

Plan start	Deductible reached	Out-of-pocket limit met
You pay 100%*	You pay 20%	Your plan pays 80%	Your plan pays 100%
At the start of your plan year, you pay 100% of your covered health services until you meet your **deductible**, which is the amount you pay before your plan starts sharing costs.	Now, your health plan starts to share a percentage of the costs with you—this is your **coinsurance.***	Here, your plan's got you covered at 100%. Your **out-of-pocket limit** is the most you could pay for covered services in a plan year—copays and coinsurance count toward this.

Along the way, you may also be required to pay a fixed amount—or **copay**—each time you see a provider.

*Your deductible and coinsurance may vary by plan or service. This example is for illustrative purposes only. Please refer to your official plan documents for coverage details.

Here's what to do if you need:

Hospital care

Talk to your PCP first to determine which hospital in your network can meet your medical or surgical needs. You or the admitting physician may be required to notify us before you're admitted.

Prior authorization

Your plan may also require prior authorization, sometimes called preauthorization, before you receive certain services. Call the member phone number on your ID card <or sign in at **myuhc.com > Coverage & Benefits**> to check if prior authorization is needed.

Referrals

If your ID card says "Referrals Required," have your PCP send us an electronic referral before you make an appointment with a specialist or other network provider. Without it, your care may not be covered and you may end up paying more. To learn what services require referrals, or to confirm that a referral has been made, sign in at **myuhc.com > Coverage & Benefits.**

See a plan in action

Take a look at how copays, deductibles and more work together throughout your plan year.

Get to know your care options and costs

How much you pay for care can depend on where you get it. For serious or life-threatening conditions, call 911 or go to an emergency room. For everything else, it may be best to contact your PCP first. If seeing your PCP isn't possible, it's important to know your other care options, especially before heading to the emergency room.

* This plan includes a maximum benefit award program. Some of the unused portion of your annual maximum benefit may be available in future benefit periods.

** Your dental plan provides that where two or more professionally acceptable dental treatments for a dental condition exist, your plan bases reimbursement on the least costly treatment alternative. If you and your dentist have agreed on a treatment which is more costly than the treatment on which the plan benefit is based, you will be responsible for the difference between the fee for service rendered and the fee covered by the plan. In addition, a pre-treatment estimate is recommended for any service estimated to cost over $500; please consult your dentist.

*** The network percentage of benefits is based on the discounted fee negotiated with the provider.

**** The non-network percentage of benefits is based on the schedule of usual and customary fees in the geographic area in which the expenses are incurred.

For additional coverage details and to locate a dentist please visit myuhc.com® or contact Customer Service.

In accordance with the Illinois state requirement, a partner in a Civil Union is included in the definition of Dependent. For a complete description of Dependent Coverage, please refer to your Certificate of Coverage.

Please note that the above provides only a brief, general description of coverage and does not constitute a contract. For a complete listing of your coverage, including exclusions and limitations relating to your coverage, please refer to your Certificate of Coverage or contact your benefits administrator.
